## WHAT WE LOVE ABOUT MILAN

Enjoy simplicity at its finest with the James Martin Vanities Milan collection. Available in four sizes and in three different finishes, complete with multiple, roomy, soft-closing drawers, this minimal floating design is as stylish as it is functional. To top it all off, Milan includes a resilient composite stone solid-surface countertop in either black or white, to complement your tile and tie your bath together.

- A floating installation allows for extra storage below and creates the illusion of a larger space.
- Composite stone countertops are durable, easy to clean, and resist mildew, staining, and UV fading.
- Soft-closing drawers offer ample storage.
- Three finishes to choose from: glossy white, glossy gray, or a rich wood grain.
